

AMENDMENTS TO THE DRAWINGS

Figure 12 has been amended to indicate the A, B, C and D frames of the drawing to be consistent with the brief description of the drawings in the specification.

REMARKS

A Notice of Drawing Inconsistency With Specification was sent by the PTO. This Notice indicated that the Brief Description of the Drawings noted Figs. 12A, 12B, 12C and 12D, but these were not indicated on the drawings. The drawings have been correspondingly corrected. In view of the correction, Applicants request that the application continue promptly to the issuance process.

Respectfully submitted,
